SAFETY DATA SHEET

Section 1: Product Identification

Product Name: Rice Bran
Identified Uses: Animal Feed
Supplier's Details: Pestell Minerals & Ingredients
141 Hamilton Rd, New Hamburg, Ontario, Canada N3A 2H1
Phone Number: (519) 662-2877
Emergency Contact (24 Hrs): (613) 996-6666 CANUTEC

Section 2: Hazard Identification

Classification (GHS): Not Classified
GHS Labelling: No Labelling applicable
Percentage: Not applicable
Hazard Statement: The substances does not meet the criteria for classification

Section 3: Composition/Information On Ingredients

Powdered solid mixture of rice bran for animal feed.

Section 4: First-Aid Measures

Description of First Aid Measures

Inhalation: Move person to fresh air.
Skin Contact: Rinse skin with water. Get medical attention if irritation develops and persists.
Eye Contact: Rinse with water. Get medical attention if irritation develops and persists.
Ingestion: Rinse mouth. Get medical attention if symptoms occur.

Acute symptoms: May cause eye irritation. May cause respiratory tract irritation if inhaled in dust form.
Indication of immediate medical attention or special treatment: Trouble breathing, persisting eye irritation.
Delayed symptoms: None known.
Section 5: Fire-Fighting Measures

Suitable extinguishing media:
Use water spray or other appropriate media for surrounding fire.

Unsuitable extinguishing media:
Do not use direct water stream on burning material.

Hazardous decomposition products:
May decompose upon heating to produce toxic fumes of carbon oxides.

Special protective equipment and precautions for fire fighters:
Wear self-contained breathing apparatus with full positive pressure face piece and appropriate protect

Section 6: Accidental Release Measures

Accidental release measures:
Avoid contact with eyes. Avoid inhaling dust and decomposition products.

Cleanup measures:
Spilled material should be swept or vacuumed with a non-sparking vacuum. Wear appropriate PPE as described in Section 8. Place collected material in a clean, closed container for waste disposal. See Section 13 for waste disposal.

Section 7: Handling and Storage

Precautions for Safe Handling  Observe good industrial hygiene practices.
Conditions for Safe Storage, Including Any Incompatibilities  Store in a cool, dry location for flavor acceptability. Avoid Temperature extremes.

Section 8: Exposure Controls/Personal Protection

</tr>
</tbody>
</table>

Ventilation:  Provide sufficient general and local ventilation to maintain exposures below permissible limits.

Respiratory protection:  If ventilation is not adequate to maintain exposures below permissible limits, use a dust mask or air purifying respirator with particulate cartridge. Inspect and test respiratory protection before use.

Skin protection:  Do not use gloves or protective clothing that show signs of permeation or degradation.

Eye protection:  Safety glasses are recommended. Do not use degraded eye or face protection. Maintain a safety shower and eye washfacility in the work area.

Section 10: Stability And Reactivity

Chemical Stability: Stable under normal conditions.
Reactivity: Material is stable under normal conditions.
Possibility of Hazardous Reactions: No dangerous reaction known under conditions of normal use.
Conditions to Avoid Incompatible Materials: Avoid temperature extremes. Avoid generating dust.
Hazardous Decomposition: Irritating and/or toxic fumes and gases may be emitted upon the product’s decomposition.

Section 11: Toxicological Information

Acute Toxicity: Not classified
LD50 and LC50 Data: Not available
Skin Corrosion/Irritation: No adverse effects due to inhalation are expected.
Serious Eye Damage/Irritation: Direct contact with eyes may cause temporary irritation.
Respiratory or Skin Sensitization: Not classified
Germ Cell Mutagenicity: Not classified
Teratogenicity: Not available
Carcinogenicity: Not classified
Specific Target Organ Toxicity (Repeated Exposure): Not classified
Reproductive Toxicity: Not classified
Specific Target Organ Toxicity (Single Exposure): Not classified
Aspiration Hazard: Not classified
**Section 12: Ecological Information**

**Ecotoxicity**
The product is not classified as environmentally hazardous. However, this does not exclude the possibility that large or frequent spills can have a harmful or damaging effect on the environment.

**Persistence and degradability**
No data is available on the degradability of this product.

**Bioaccumulative potential**
No data available

**Mobility in soil**
No data available

**Other adverse effects**
No other adverse environmental effects (e.g. ozone depletion, photochemical ozone creation potential, endocrine disruption, global warming potential) are expected from this component.

**Section 13: Disposal Considerations**

Dispose of product in accordance with government waste management regulations. Contact your local treatment, storage and disposal facility or environmental regulatory agencies for guidance on acceptable disposal practices.

**Section 14: Transport Information**

- **In Accordance with DOT**: Not regulated for transport
- **In Accordance with IMDG**: Not regulated for transport
- **In Accordance with IATA**: Not regulated for transport
- **In Accordance with TDG**: Not regulated for transport
- **Transport in bulk according to Annex II of MARPOL 73/78 and the IBC Code**: Not applicable

**Section 15: Regulatory Information**

- **TSCA**: All ingredients are listed on the TSCA Chemical Inventory, or exempted.
- **CERCLA RQ**: No ingredients listed.
- **EPCRA TPQ**: No ingredients listed.
- **EPCRA Section 313**: No ingredients listed.
- **FIFRA**: This is not a pesticide product.
- **Proposition 65**: No ingredients listed.
Section 16: Other Information

Other Information
This document has been prepared in accordance with the SDS requirements of the OSHA Hazard Communication Standard 29 CFR 1910.1200.

Effective Date:
January 10, 2018
